Ministry of Environment

Full scholarship will be awarded to the selected applicants who meet the admission requirements described in an enclosed program description. In addition to full tuition coverage, students will be provided with living allowances, medical insurance and other various expenses including travel costs.

Students enrolling from 2024 will study at the University of Seoul. Please refer to the enclosed program information when recommending the best-suited applicants for our program and requirements.

It would be appreciated if you could send us the application no later than October 13th, 2023.

MGLEP will not only provide valuable academic and cultural experience to participants but also contribute to enhancing cooperation between Korea and your country in the future.

I look forward to your interest in the program and cooperation with us.

Yours sincerely,

한 화 진

EMBASSY OF THE REPUBLIC OF KOREA

GKK 180 (2K23)

The Embassy of the Republic of Korea presents its compliments to the Ministry of Foreign Affairs, Government of Nepal and has the honour to inform the latter that the Ministry of Environment of the Government of the Republic of Korea is to organize the '2024 Master's Program for Future Global Leaders in Environmental Policy (MGLEP)' operated by the University of Seoul.

The '2024 Master's Program for Future Global Leaders in Environmental Policy (MGLEP)' is a Master's Degree course designed for government officials in the field of environment policies to give participants a broader knowledge and skills of developing and managing public policies on sustainable development.

In this regard, the Embassy has the honour to request the esteemed Ministry to convey the attached invitation letter, MGLEP program description, program information on University and required document forms to the concerned authority and kindly advise them to recommend appropriate applicants to directly apply to the program according to the enclosed attachment and also CC it to the Embassy no later than October 10.

Application website: https://www.mglep.net/mglep10

The Embassy of the Republic of Korea avails itself of this opportunity to renew to the Ministry of Foreign Affairs, Government of Nepal the assurances of its highest consideration.

Enclosure: As mentioned above.

21 August 2023

H.E. Birendra Prasad Mahato
Minister
The Ministry of Forests and Environment
The Federal Democratic Republic of Nepal

Your Excellency,

It is my pleasure to inform you that the Ministry of Environment of the Republic of Korea is seeking recommendations for prospective students of Master's Program for Future Global Leaders in Environmental Policy (MGLEP). This program offers an opportunity to government officials of our partner countries to participate in a two-year graduate studies program in Korea.

MGLEP has begun since 2015 with the aim of strengthening international environmental cooperation by providing future leaders of our partner countries with an opportunity to study and research into sustainable development and environmental policies at a prestigious academic institution in Korea. The program, which is fully sponsored by the Ministry of Environment of the Republic of Korea and managed by the International Environmental Cooperation Center of Korea Environmental Industry and Technology Institution, has given the opportunities of capacity-building and learning to a total of 216 students from 34 countries so far. I am glad to let you know that the admission process for the new academic year starting in spring 2024 has begun.

In this regard, I hereby cordially invite your county to recommend one to two eligible officials of your Ministry who wish to enroll in the program. Researchers in affiliated agencies or institutions under your Ministry are also eligible for its application. Applicants are required to be fluent in both spoken and written English and have a minimum of three years of environmental work or research experience (in waste and water management, landfill, etc.).
